

Your chance to WIN £500!

The Association of Lighting Designers,
The Mousetrap Foundation and ETC are pleased to announce
the launch of the 2008

Michael Northen Bursary for Lighting Design

To enter, students must submit a presentation of **A PERFORMANCE-BASED LIGHTING DESIGN** completed within the current academic year (July 2007 - June 2008).

The bursary is open to **ALL CURRENT STUDENTS**, not just ALD student members.

Submission Deadline:
TUESDAY 1st JULY 2008

The winner will receive a cheque for £500 and a copy of 'Northen Lights' by Michael Northen. The ETC and ALD runners-up will receive a cheque for £250 each.

The three successful students will also have their work displayed on the ALD stand at the PLASA08 trade show.

The submission must highlight the **CREATIVITY** of the project and **IMAGINATION IN THE USE OF LIGHT**, what inspired you, the processes used to create the final design, and how you would approach the project the second time around.

Supporting information in the form of photographs, plans and research material can also be submitted.

The entries will be judged by a panel of industry professionals.

For more information and details of how to enter:

- contact your course tutor
- email the ALD student Rep
